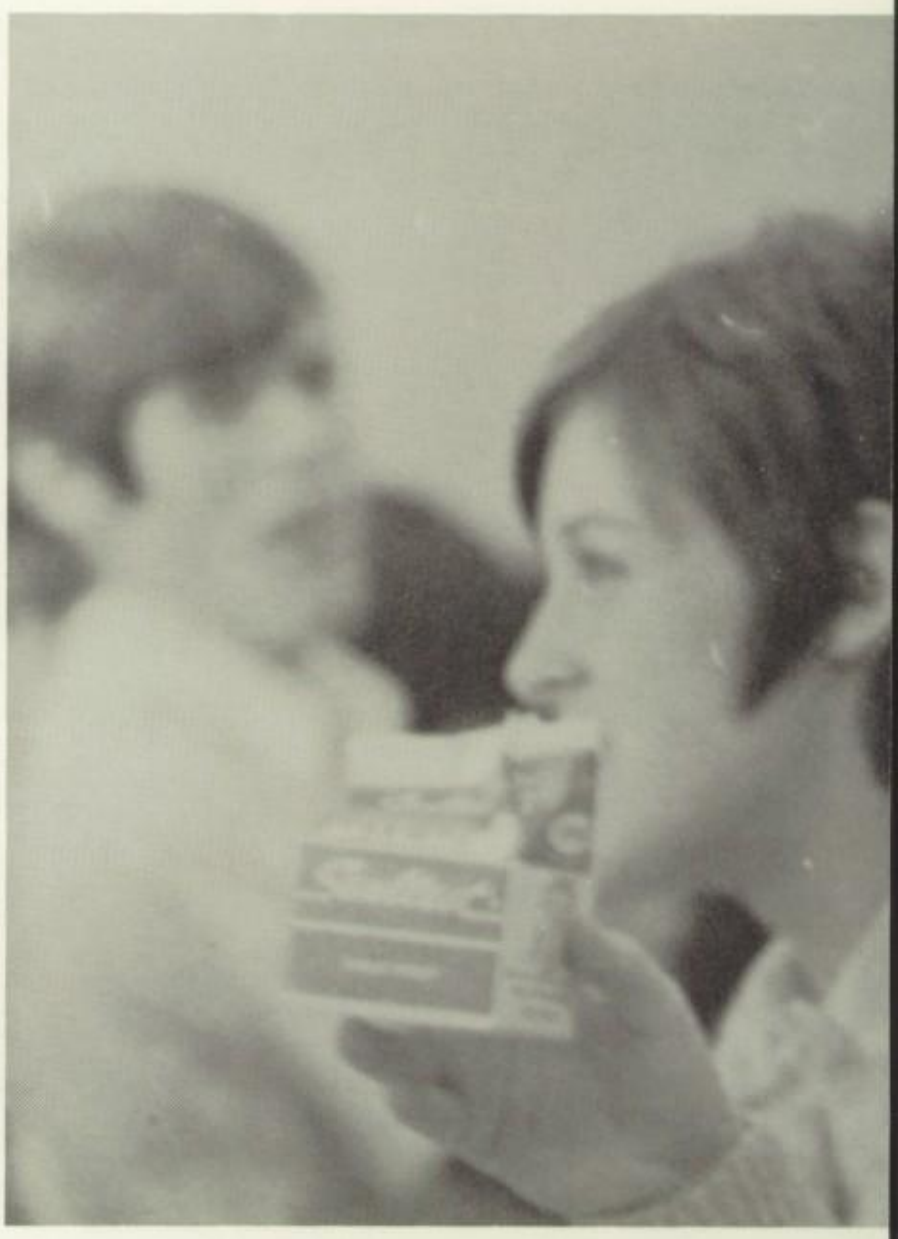
International Exchange Students

The four international exchange students who came to Maumee High School this year widened the scope of education for the local students. Hideta Matsui from Japan, Eliza-beth Berry from Argentina, Elina Ulmo from Norway and Margreet Exman from Holland were fine additions to the student body. All of them took an active part in the school and its activities. As a result, the teachers and students alike found them to be interesting and valuable friends. The only regret of the exchange students and their Maumee friends is that the time passed so quickly and after graduation each one had to say good-bye to his friends and return to his native country.



Elizabeth Berry from Basail, Argentina was the delightful YFU (International Teenage Exchange Program). She spent the last semester, from January to June 15, with the Burman family in Maumee. She experienced many new things during her stay in Maumee. She found basketball and track to be very interesting sports. She was also a member of the Spanish Club and the International Club. We at Maumee found many things about the customs and people of Argentina interesting. She helped us to see the differences and similarities between North and South Americans. Her stay here will always be remembered by her closest friends.

Elin Ulmo, an American Field Service student from Bergen, Norway, was another addition to our school this year. She stayed with the Baker family and became a true sister to Pam and Marcia. Elin had several close friends and all will miss her greatly when she returns to Norway. She was very interested and interesting. Therefore, she, like the others, was often the center of informal discussions.

Margreet Exman, born in Djakarda, Indonesia but attended school in Holland, stayed here in Maumee with the William Oliver family. She was also here in the United States under Youth For Understanding program. She was very active in many of the school activities and as proud of the superior rating received there as any other Maumee student. Margreet will apply to the Peace Corps when she returns to Holland. She expressed her sincere thanks to her friends at Maumee in the following way. "Now that school is over, I want to take this chance to say thank you to the students and the faculty members at Maumee. This "thank you" does not, however, fully express my deep gratitude for all of the experiences you have offered me. Before I came I knew that this year would be great, but I never would have guessed that it was going to be this wonderful. With all the experiences and understanding you have given me, I would like to give what I have learned. After barriers of language and customs are broken, people from foreign lands are no longer foreign to each other. The world is becoming smaller through modern transportation and communication systems and if we realize that "foreigners" are people just like you and me, we will be much closer to the world peace. I wish to thank you again for all you have done for me."

Hideta Matsui, our YFU from Tokyo, Japan, was nickname "Hi" almost as soon as he arrived in Maumee. So, of course the greeting most familiar to him is "Hi Hi" and he will never forget that. He spent the year with the Harbaugh family. In Japan he will continue his studies at the University majoring in business administration, later he hopes to join his father's business. Everyone will remember the many pictures Hi took. He is quite a photographer. He also participated in sports and was a member of the tennis and track teams. He had many things to teach us about Japan that we were unaware of, including a formal presentation of Japanese poetry to his English class.

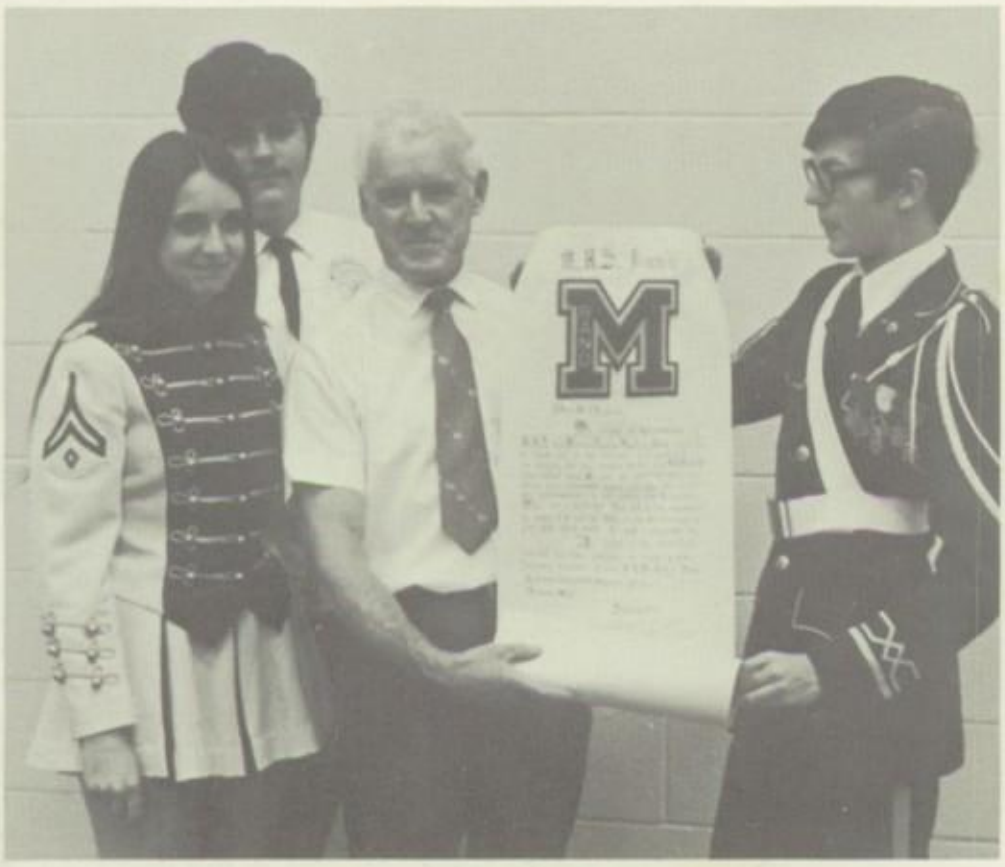
ACTIVITIES

Activities 1971

Beat Perrysburg Week

The week preceding the P-burg football game was filled with action. The Senior Class had a breakfast before school at Ft. Meigs followed by a car caravan through Perrysburg. Seniors also held a picnic at Side Cut Park before the game. The band made arrangements with the Toledo Zoo to have two baby Panthers at the game. The cheerleaders sponsored a sign contest and put on a super-spirited pep assembly. Many students painted signs, decorated the halls and cars for a car caravan. All these activities were climaxed by the victory over P-burg and the regaining of the Ding Dong.



The Homecoming Queen

This year the annual Homecoming activities were sponsored by Student Council in conjunction with the Senior Class. The Senior Class also built the Homecoming float. The Homecoming Queen this year was Mary Beth Peterson, and her escort was Jim Lieber. The Seniors chose Chris Rasey as their attendant who in turn chose Dave Womack as her escort. Jan Varney was chosen by the Junior Class and was escorted by Chris Williams. The Sophomore attendant, escorted by David Jensen, was Pam Leslie. Sue Moritz, escorted by Kevin Borrough, was selected by the Freshman Class.

A MOMENT FOR

GOOD LIVING*

No man can enjoy the privileges of education and thereafter with a clear conscience break his contract with society. To respect that contract is to be mature, to strengthen it is to be a good citizen, to do more than your share under it is to be noble.

DON'T SELL BUSINESS SHORT

You hear a lot of talk these days about the business world being a pretty dull, humdrum place. Some say it offers no really meaningful challenges. No opportunities for individual expression. Law, medicine or the Peace Corps perhaps. But not business.

Don't you believe it. American business today is a highly demanding institution. With plenty of room for personal contribution and growth. And if you feel strongly about man's social responsibility—business offers a unique opportunity for self-expression in this area, too.

Most likely you have further schooling ahead of you. But that day of decision on your long-term future is coming sooner than you realize. If when it arrives you've established a record of good grades and participation in extracurricular activities—think seriously about the rewards of a career in business—with us.

Any yearbook must, through necessity, represent the views of a few. The 1971 REFLECTOR can be no exception. This publication is the staff's conception of Maumee High School during this past year. As every editor before me, I held the ideal of perfection. But as the book took form, inevitable problems of missing photos, unwritten copy, and neglected deadlines forced cancellations, revisions, and substitutions. Yet through combined efforts of many, the 1971 REFLECTOR has been published.

Now is the time to express my gratitude to those who have made this yearbook a reality.

To Mr. Whitaker for understanding when three-fourths of the staff forgot what the word "deadline" meant.

To Mr. Ryu for diligently helping to smooth the rough edges.

To Powell Studio and Dave and Craig Samiec for always managing to find time to take pictures.

To the office staff who permitted me to use the office and its facilities.

To my teachers for understanding my absences from class due to REFLECTOR work.

To the PANTHER PRINTS' staff for much assistance and many good times.

To Debbie Wessendorf for being the first to complete her section.

To Margaret Klinksick and Debbie Siegwarth for doing the most difficult, and probably least recognized job--the underclass section.

To Cindy Coburn and Betsy McClain for typing Senior Index.

To Sarah Klinksick for helping with picture-taking when I was indisposed.

To Nancy Lynn and Connie Chapman for making sixth hour a little shorter and much more fun.

To Cary Caruso for taking over the Sports section and best wishes to him as he accepts the editorship for the school year 1971-1972.

To Don Ford for doing the Ads, giving me moral support, and serving as both a messenger boy and a taxi driver.

To all those whose visits to the REFLECTOR office served as encouragement throughout the year.

To you, the student body, for creating the life we have portrayed.

Love ya

Sharon,

Well, I said once to myself that I was bound and determine to open you up and I haven't forgot and I'm not going to stop trying. I really respect your type of people and I especially respect you! I don't know you to well but I don't feel to upset about that because I can't really find to many people that really understand you. I would like to go out with you sometime to just be able to sit down and talk to you because for some reason I have a feeling that you've got an awful lot of things to say. I can't exactly explain what I'm trying to say but I feel that you could help me alot and I think I could help you too - not that I think you need help I'm just saying that I think you have alot of beautiful, simple thoughts that I would like to find and understand! Ever since you gave that speech on yourself I've felt that we know each other although we actually don't - I also don't know what you think about me but I don't think I care because I have this very strange feeling for you and I just want to find the answer someday. I hope you can somewhat understand what I tried to say even though it doesn't make much sense. Your a very special type of person with very special types of feelings and I'm going to try and push my way into your life - so watch out!

A special love to you, Doug Smith

To Sharon,
One of the nicest, sweetest people I know. We sort of drifted apart last year and this year, but our sophomore year was great. Good luck in everything you do.
